BCG is Going GREEN!!!

It's not just a cliché. Rather, it is our way of reducing costs for our members (in addition to possibly saving some trees).

Beginning in August, the BCG monthly newsletter, the Telephone Chapter Meeting announcement and all announcements of upcoming BCG Seminars (collectively, the Monthly Mailing) will be made available to BCG main contacts via an e-mail notification. In addition, those members that have previously requested to be included on the Monthly Mailing list also will receive notice of the availability of these resources. The e-mail notification will include a link to the BCG website, www.bankerscompliancegroup.com, where, after entering a unique password, all of the Monthly Mailings can be accessed and downloaded at your convenience.

It is as simple as that! There is no requirement to sign up for this e-mail notification; all BCG main contacts and those currently on our Monthly Mailing list automatically will be included in this e-mail notification.

Additional details will be provided as we progress toward doing what we can to minimize costs for our members and help the environment!
