Attempting to determine whether a levy or other garnishment will reach a customer's account can be extremely challenging, even to the very experienced. This is further complicated by the fact that the form of levy will be different depending on whether the levy is served by a sheriff or one of the various government agencies.

This Webinar will discuss the fundamentals of processing a levy and important principles for determining whether a particular type of account is subject to a levy. We will also review the various forms and discuss examples to help you better understand how best to deal with any given levy.

Topics to be covered include:

General Levy Rules

- Service requirements
- Processing issues
- Out-of-state levies

Property Subject to Levy

- Individual accounts
- Business accounts
- Fiduciary accounts

Writs and Levies

- Writs of execution
- Notices of levy
- Government levies and orders
